As part of its annual enrollment process, Kawaikini must determine the number of spaces in each grade level that are available for new applications. Returning haumana are not required to resubmit an application for enrollment, however, they must indicate their commitment to re-enroll as part of a re-enrollment process. To indicate your intention to re-enroll your child at Kawaikini, please fill out the following form and return it to the office no later than February 15.

1. For children who WILL be re-enrolling at Kawaikini for 2009-10:

Please list all children currently enrolled in Kawaikini who will be continuing their enrollment during 2009-10:

Name	Grade (this year)

By re-enrolling my child in Kawaikini, I acknowledge and agree to the following:

- The Hawaiian Language is the primary language at Kawaikini. Hawaiian will be spoken (to the extent possible) by everyone on campus and, during periods of Hawaiian instruction, it will be the sole language of the classroom. This means that Kawaikini students will use Hawaiian while on school grounds and while participating in Kawaikini activities.
- Kawaikini parents will attend all mandatory teacher meetings to assess the progress of their children.
- Kawaikini parents will set a Hawaiian language goal for the `Ohana and use Hawaiian as much as possible.
- Everyone has a different level of success, but we can all strive to exhibit our personal best at all times. This means that Kawaikini students will come to school regularly and work hard to achieve their own personal best in all areas of school.
- Kawaikini parents will do their best to work towards achievement of all `Ohana goals.
- When we all work together, we will all move forward. This means that Kawaikini students will work as a team with kumu and other haumana.
- Kawaikini parents will participate in Kawaikini activities and help at the school as able.
- The health and wellness of our `Ohana learning community is very important at Kawaikini. This means that Kawaikini students will follow rules of good nutrition while at school and participate in daily exercise activities.
- Kawaikini parents will set health goals for the `ohana and work towards achievement of these goals.
